I'm very disappointed to hear South Carolina has ordered a cease and desist to Uber. As a voting citizen of South Carolina I'm appalled and will certainly never again cast a vote for someone currently in office unless this is changed.

I will also now be more likely to move to another state that does not treat its citizens like children. Please start treating your citizens like grown ups and allow them to make these types of transactions using Uber without getting involved.

Thanks  
Adam Hickey

It is an insane mistake to take away uber from South Carolina! Thousands of people depend on the low cost safe rides every day, from preventing drunk driving to having a reliable and TIMELY ride to work or other obligations! I absolutely hate and avoid yellow cab like the plague due solely to the fact that they are usually grimy and take 20-60 minutes to pick me up!!!! I have never waited more than 8 minutes for an uber and I love the fact that the whole transaction is done via the app. No worrying if I have cash or having to fish out a credit card when you are in a hurry or in traffic! SC doesn't need a taxi monopoly, we deserve choices. My choice is uber....maybe if taxi companies adopted the business model of uber than there wouldn't a problem!

Uber is the best thing since sliced bread. Do not deny the right to a capitalistic market.
